## WAS HIGH SCHOOL DAY

PUPILS FROM VARIOUS CITIES  
MET IN CONTEST OF  
BRAINS AND SKILL.

### SEDALIA WAS VERY WELL REPRESENTED

Took Some of the Honors in the Various Events, Although Other Cities Won Also—Gold Medals Were Missing.

California has been a gala city for the past couple of days, the occasion being the tenth annual meeting of the Central Missouri Teachers' association and the high school contests, the towns represented being Sedalia, Pleasant Hill, Tipton, California, Jamestown, Booneville, Jefferson City, Washington, New Haven and possibly others.

This association meets each year and the general high school work is discussed and addresses made by those who have given special study to the subject which they take.

The association meets at Sedalia next year and Prof. John P. Gass, our school superintendent, is president for the coming year, succeeding A. S. Green, of Richmond.

Prof. Gass addressed the association on the Batavia system and was highly complimented by all who heard him.

Friday night there were two contests between the different high schools, one oratorical and one for debate. In the oratorical there were no Sedalia contestants. Mr. Mammell Drumm, of Tipton, won first and LeRoy Schaumburg, of Booneville, second.

In the debating contest there were two home boys, Ira Sprecher and Vincent Carroll. Mr. E. W. Pfaffenberger, of Booneville, won first and Ira Sprecher won second.

The interschool track meet was held at the fair grounds Saturday afternoon, there being over six hundred people present to witness it and about sixty boys from the different high schools took part in the various events and much enthusiasm was shown by the rooters from the respective towns which were represented in the meet, Sedalia being very much in evidence; there were over one hundred of them present.

The events follow in the order in which they came, the winner in each and their record:

Pole vault—Victor Drumm, Tipton, first; Paul Herzog, New Haven, second; Wm. Goetz, California, third. Height, 8 feet 3 inches.

One hundred yard dash—T. A. Copas, California, first; Lewis Cook, Jefferson City, second; Lester Sealand, Sedalia, third. Time: 10.1.

Discus throw—T. A. Copas, California, first; Sidney Moore, Jefferson City, second; Fred Campbell, Sedalia, third. Distance, 95 feet 8 inches.

High jump—Lewis Cook, Jefferson City, first; George F. Bellas and Ira Sprecher, Sedalia, tied for second; Height, 5 feet 5 inches. Bellas should have won this event easily, but was out of condition and form.

Four hundred and forty yard run—Lewis Cook, Jefferson City, first; Talbot Keeling, Sedalia, second; Elston Melton, California, third. Time 56.1.

Twelve-pound shot put—T. A. Copas, California, first; Sidney Moore, Jefferson City, second; Vernon McNeil Sedalia, third. Distance, 39 feet.

Running broad jump—Lewis Cook, Jefferson City, first; Edwin L. Evans, Sedalia, second; Clarence Goodrich, New Haven, third. Distance, 19 feet 1 1/2 inches.

Two hundred and twenty yard dash—Vernon McNeil, Sedalia, first; Lewis Cook, Jefferson City, second; Harold Goodrich, New Haven, third. Time, 25.

Twelve-pound hammer—T. A. Copas, California, first; Victor Drumm, Tipton, second; Leonard Buschman, California, third. Distance, 106 feet 6 inches.

The last event was the relay race, which Sedalia won easily and was the best one of the meet, since the winner received a beautiful loving cup, the best prize given for the meet.

A banner was given to the winner of the most points, going to Jefferson City, score 29, California being second with a score of 23; Sedalia third, score 18.

After the track meet Sedalia and Washington played basket ball, but as Washington's team was fresh and Sedalia's worn out from their exertions in previous events, the latter fell easy victims to the Washingtonites, the game being called in their favor after the first half. The

Washington team played a very clever game.

Last night the contests for declamation, essay, male, female and mixed quartettes were held. Sedalia entered in all of the quartettes and also in essay, and while many thought that our singers, trained by Mrs. MacGugin, should have won all three, they succeeded in winning in the mixed only. The singers were Fannie West, Mrs. MacGugin, Mary Norlin and Lucile Brandt.

The prizes for the literary contest were gold and silver medals, respectively, for the first and second prizes.

During the day the four medals, two gold and two silver, for essay and declamation, disappeared, and President Green announced that if some one was playing a joke it had gone far enough; if not, he advised that every one look out for the medals and notify him if found.

## REV. P. E. PIERCE TO WED

BRIDE-TO-BE IS MISS LILLIAN R. BRATTON, A POPULAR SEDALIA GIRL.

### RESIGNED HER POSITION LAST NIGHT

Be Married at Home of Bride's Mother and After Short Bridal Trip Will Be at Home at Warrensburg, Missouri.

Miss Lillian R. Bratton, stenographer and clerk at Dr. H. W. Wood's opera house, tendered her resignation Saturday night, effective at once, and in the near future will be united in marriage to the Rev. Perry E. Pierce, a former Sedalia minister, now pastor of the Methodist church at Warrensburg.

The wedding will occur at the home of the young lady's mother, Mrs. Mary Bratton, 1115 East Sixth street, but other details incidental to the event have not been arranged.

After a brief honeymoon trip the couple will go to Warrensburg to reside.

Miss Bratton is one of Sedalia's most popular and best liked young ladies.

The Rev. Pierce was formerly pastor of the Epworth M. E. church of this city, having been transferred to Warrensburg at the session of the St. Louis conference held in Sedalia last month.

Both have legions of friends in Sedalia, who will learn of the approaching event with pleasure and surprise.

## PRICES AN IMPOSITION

Seats for "Madam Butterfly" Selling for Twice Kansas City Prices.

Truly the management of the Sedalia theater thinks Sedalia people are "easy."

Here is the latest that the theater outfit is getting ready to dish out here.

"Madame Butterfly," an opera that won some success in New York when presented by the original company, is now touring the west. It played all last week at the Shubert theater in Kansas City, and is billed for Sedalia Monday night. In Kansas City, the best seats in the house sold for \$1, not a penny more, the prices ranging from \$1 to 25 cents.

The Sedalia theater management isn't satisfied with getting the prices charged in Kansas City, but has placed the best seats downstairs at \$2, the back rows at \$1.50, and \$1.50 for the best balcony seats and to get into "nigger heaven" it costs 50 cents. Box seats, by the way, are \$2.50.

If this isn't an imposition on the Sedalia theater going people, then indeed there is no such thing as imposition. But then the long suffering Sedallians have bit many a time and oft before; why not now?

In this connection it might be said that "A Girl at the Helm," played here last Thursday night, with best seats at \$1.50, while this coming week it will be at the Grand in Kansas City, at which no seat sells at over \$1.

Published Miss Longan's Picture. The St. Louis Times published on the first page of its issue of Thursday, April 15, a splendid portrait of Miss Agnes Scott Longan, of this city, who is to sing before the Continental Congress of the Daughters of the American Revolution, which convenes in Washington, D. C., April 19.

Miss Longan Saturday night sang at a reception and musicale given by the Washington chapter of the organization to visiting delegates.

Old Mother Hubbard went to the cupboard  
To get her poor dog a bone.  
Two lemons were there—'twas otherwise bare,  
So the poor dog had none.

## HAS POSITION IN A BANK

Mr. W. O. B. Dixon Departs for Pilot Grove Monday.

W. O. B. Dixon will leave Monday morning for Pilot Grove, where he will be employed during the summer as bookkeeper in the Pilot Grove bank.

Mr. E. H. Harris, the cashier, leaves May 1 for a European trip, and his brother, Fred Harris, will perform the duties of cashier in the meantime, while Mr. Dixon will relieve Fred as bookkeeper for the institution.

Mr. Dixon is no novice in bank work, as he kept books for the old First National bank of Sedalia a num-

ber of years ago, and since then has been employed as bookkeeper for a number of Sedalia firms. He is not only competent, but is a genial, companionable gentleman, and the Democrat-Sentinel commends him to the patrons of the Pilot Grove institution.

Associated Press.

Iola, Kas., April 17.—Upon the application of Alton B. Parker, acting on behalf of the Trust Company of America, trustees for the bondholders, J. C. Rogers was today appointed receiver for the Lanyon Zinc company, the largest smelting works in the world. Rogers is president of the Lanyon company.

The petitioners declared there are still outstanding \$1,783,000 in company bonds, on which there is defaulted interest amounting to \$483,000. No interest has been paid on the bonded debt of the company, they declare, since 1905.

## IS AWAITING THE WORST

SULTAN OF TURKEY HAS PREPARED FOR IMMEDIATE FLIGHT IF NECESSARY.

### HE DOESN'T KNOW WHAT MAY ARISE

His Private Yacht Is at Dock Waiting to Flee With Imperiled Ones—Two Americans Will Guard and Protect Ruler.

Hearst News Service.

Constantinople, April 17.—The situation here tonight seems to be hopeless, and nobody knows whether the Salonika troops have allied with the young Turks party or not, but it is known that the sultan is prepared for any emergency. His yacht with steam up lies off Yildiz Kiosk, ready to sail at a moment's notice.

The sultan knows that no matter what may happen, his personal safety is secured, because two Americans are responsible for his life. They are Captain Buckman, of San Francisco, commander of the imperial yacht, which is really a semi-armored cruiser, and Captain W. H. Ledbetter, another American, who is second in command.

For many years the sultan has placed implicit confidence in Captain Buckman, and the latter is well prepared to make a fight for the safety of his master's life, in the event that the worst comes and he is obliged to flee.

Advancing on Constantinople.

Constantinople, April 17.—Eight train loads of parliamentary troops from Salonika are advancing on Constantinople, and the advance guard has already captured the Spartakuleh fortifications, which have been abandoned by their defenders. No resistance is expected from the garrison of Constantinople.

The young Turks expect within a few days to have 20,000 loyal troops within striking distance of Constantinople.

Mr. Bowers Taken Quite Ill.

Mr. J. A. Bowers, out-of-town circulator for the Democrat-Sentinel, who has been greatly prostrated since the death of his wife, some three weeks ago, visited Knob Noster and Lamonte yesterday in the interest of the paper, but became worse while absent

and had to be assisted on the train on the return trip, at 4:25 p. m.

He was met at the depot by his daughters, Misses Mary and Bessie, and taken home in a carriage. He was resting quietly last night, but his grief over the death of Mrs. Bowers is such that the family and friends are greatly alarmed at his condition.

Mrs. Longworth Very Ill.

Hearst News Service.

Washington, April 17.—Mrs. Alice Roosevelt Longworth is reported to be suffering from nervous prostration.

She has not been in company recently, and does not receive guests. Her condition is not regarded as serious.

## MISSOURI FEELS SHOCKS

NEW MADRID COUNTY PEOPLE GREATLY ALARMED AT QUAKES.

### FEAR REPETITION OF THE EARLY DAYS

At That Time, 1812, the Whole Earth Heaved and Trembled at Disturbances and Rivers Changed Their Courses.

Hearst News Service.

New Madrid, Mo., April 17.—The most severe earthquake shock that has been experienced here in twenty-five years shook New Madrid and other towns in New Madrid county at 12:23 this afternoon.

There were two distinct quakes, thirty minutes apart. The first was the most severe, causing the surface of the ground to heave and tremble in a manner that terrified the oldest inhabitants, who fear a second visitation of the terrific convulsion of 1812, which caused the complete upheaval of the surface, changing the course of rivers, making them overflow the land, which in places was depressed several hundred feet and destroying life and property in its path.

This section has never been entirely free from seismic disturbances since that time.

New Madrid had a similar quake to that reported today six years ago, which was followed by sixteen distinct quakes, but very little damage was done.

## BEAUTIFIED THEIR HOME

The Sum of \$700 Expended in Making Improvements.

The residence occupied by Joshua A. Leach, better known as "Dad" Leach, at 1507 East Seventh street, is being remodeled and improved, and when the work is completed the dwelling will show a very noticeable change.

"Dad" Leach is the founder of the B. of L. F. and E. When members of that organization assembled in annual session for a national meeting at Columbus, Ohio, several months ago, they appropriated \$700 to be used in improving the residence of Mr. Leach, which house had been built for him and "Mother" Leach by the organization.

The money donated was to attest the appreciation of the brotherhood for Mr. Leach's interest in the order, and in accordance the improvements on the dwelling were begun recently and will be completed soon.

Associated Press.

Omaha, Neb., April 17.—Andrew Rosewater, for twenty-five years city engineer of Omaha, dropped dead of heart disease here early today.

He was a brother of late Edward Rosewater, founder of the Omaha Bee.

## KILLING OF MISSIONARIES

In Turkey Has Not As Yet Been Confirmed.

Associated Press.

Constantinople, April 17.—There is no confirmation yet of the reported killing of two American missionaries during the riots at Adana.

The conflict between the Armenians and Musselmans continues.

## SUICIDED ON SATURDAY

JOSEPH HAMDEN, THE SYRIAN, SHOT HIMSELF WITH .38-CALIBRE REVOLVER.

### DEATH ENDED SUFFERING HOUR LATER

Ill Health Cause of the Act—Belonged to Modern Woodmen of America, Tribe of Ben Hur and Order of the Eagles.

Joseph Hamden, a Syrian, aged 30, committed suicide by shooting himself in the chest with a No. 38-caliber at his room, 224 East St. Louis avenue, at 8 o'clock Saturday morning. He died an hour later.

Mae Bloch, known also as Florence Conwell, at whose home he roomed, was the first person in his apartments after the shooting. She was asleep on the first floor of the residence, when a pistol shot awakened her. A moment later another noise resembling a heavy object striking the floor was heard.

The woman rushed into Hamden's room. She found him lying prostrate on the floor. A revolver with one empty chamber lay beside the victim.

"I got my underclothes and the gun shoot me," were the words the Syrian uttered. He then muttered several words in his native tongue. Dr. E. F. Staats was summoned, but shortly after his arrival Hamden died.

The body was taken to the Sedalia Undertaking Co.'s rooms, where, at 1:30 o'clock Saturday afternoon Coroner F. R. Morley conducted an inquest. The jury's verdict was in accordance with the foregoing facts.

The following were members of the coroner's jury: John W. Baldwin, Judge David Kinsey, C. H. Allen, E. W. Shultz and E. M. Reed.

Hamden was a native of Syria. He came to America eight years ago. For more than two years past he had been making Sedalia his headquarters, traveling for a Fort Smith, Ark., mercantile firm.

He belonged to Russell camp No. 2065, Modern Woodmen of America, Sedalia court No. 33, Tribe of Ben Hur, and Sedalia aerie No. 601, F. O. E. He has a brother, Charles Hamden, residing on North Washington avenue.

Ill health was the cause of the act. For six weeks Hamden had been ill with malarial fever, which developed into pneumonia. Recently he went to Kansas City and in a letter to his landlord stated that unless his health improved he would throw himself in the river.

Owing to the fact that several friends doubted that Hamden would kill himself, Coroner Morley and Dr. Staats performed an autopsy on the body at the undertaking rooms, just prior to the inquest.

The ball from the revolver was a No. 38-caliber size, and had passed into the body and lodged in the spine.

## THEFT OF A \$300 STALLION

From the Pasture of C. A. Krueger, West of the City.

C. A. Krueger, living four and one-half miles west of Sedalia, had a black German coach stallion, valued at \$300, stolen from his pasture Thursday night, and has offered a reward of \$20 for the recovery of the equine and a similar amount for the detection of the thief.

Sheriff M. T. Henderson Saturday mailed several hundred postal cards with a view of the recovery of the animal.

The horse thief entered Mr. Krueger's land and cut three wire fences in order to take the horse away without being discovered by the family, as the gate leading from the pasture is in close proximity to the farm house.

## WHEAT STILL CLIMBING

Despite Fact That Patten Was Not in the Market Saturday.

Associated Press.

Chicago, April 17.—James A. Patten, the leader of May and July wheat bulls, was not in the market today, according to his own statement, but prices advanced nevertheless.

July closed at \$1.18 1/2 to \$1.18 3/4, or 1 1/2 to 1 1/4 cents over yesterday's figures.

May closed one cent higher than yesterday.

The Weather Forecast.

Partly cloudy, with probably show-  
ers Sunday; warmer northerly portion  
tonight.

DEMOCRATS SHOULD STAND  
TOGETHER.

It is gratifying to learn that the re-  
publican majority in the senate for  
many of the items in the tariff bill is  
so small that united action by the  
democrats will prove most effective.  
The senate substitute for the Payne  
bill contains many duties which mean  
nothing short of robbery of the con-  
sumer for the benefit of the trusts  
and already over-protected manufac-  
turers.

Fortunately, there are a number of  
republican senators, who, if assured  
that they can count on the undivided  
support of the democrats, will rebel  
against the excessive protection. Un-  
der these conditions the fate of the  
consumers rests with the minority.

The frankly avowed policy of the  
republican leaders is to grant cer-  
tain "sops" to the democrats and thus  
divide them so that a coalition between  
the disaffected members of the ma-  
jority and the minority senators will  
be an impossibility. It remains to be  
seen whether Senator Aldrich has  
gauged aright the breadth and states  
manship of the democrats, whether  
they can really be purchased with a  
few crumbs of protection to the in-  
dustries in their respective states, or  
whether, as we fondly believe, they  
will rise to that level of statesman-  
ship and patriotism which will lead  
them to stand above petty and local  
considerations and vote as a unit  
against the oppressive schemes of  
the representatives of the interests.

HOW ABOUT THIS THING?

Is this country losing its demo-  
cratic ideals?

We are moved to ask this question  
by the reports from Washington  
that it is almost impossible for Mr.  
Taft to attend church on Sunday with-  
out being almost mobbed by curious  
throngs of sightseers on the streets  
of the national capital.

On Easter morning a great con-  
course of people who gathered out-  
side of St. John's church, where Mr.  
Taft attended services with his wife,  
practically compelled the president to  
stop and hold an open air reception  
before he could return to the White  
House.

We have always been ready to ridi-  
cule the English, who make fools of  
themselves over their royal family,  
standing on the streets for hours to  
see its members pass by and cheering  
themselves hoarse on such occasions,  
but if we are not careful we will give  
the British press a chance to indulge  
in no end of sarcasm at our expense.  
Moreover, such conduct is undemo-  
cratic and un-American and there ap-  
pears to be little excuse for intrud-  
ing to such an extent on the privacy  
which even the president ought to be

permitted to enjoy one day of the  
week.

MAKING A MARTYR OF HIM.

Certain newspapers which are far  
longer on theories that common  
sense are seeking to make a martyr  
out of Cipriano Castro, for president  
of Venezuela, and are indulging un-  
bridled criticism of the government  
for exerting its good offices to pre-  
vent Castro from landing in the vi-  
cinity of his former country in order  
to stir up trouble, and, if possible, to  
ment a revolution with the object of  
securing his own restoration to pow-  
er.

All their arguments sound very  
well on paper, but they won't stand  
the test of good, hard common sense.

Cipriano Castro undertook to make  
an outlaw of a nation. Under his ad-  
ministration Venezuela violated every  
tenet of international law, disregard-  
ed every obligation, paved the way  
for European invasion and gave the  
United States ample warrant to bom-  
bard her cities and seize her custom  
houses.

The United States, with great for-  
bearance, refused to believe that Ven-  
ezuela was inherently dishonest, and  
not only refrained from administering  
summary justice to the contumacious  
little republic, but exercised its  
good offices to prevent foreign na-  
tions, which had ample provocation,  
from doing so.

The position of the United States,  
constantly adhered to, was that Cas-  
tro was the outlaw, that given suffi-  
cient rope he would hang himself,  
and that when his power was gone,  
Venezuela would evince the same dis-  
position to deal fairly and honestly  
with other nations as other South  
American republics. Time has demon-  
strated the accuracy of the estimate.  
Castro is an outlaw and Venezuela,  
under the lead of her new president,  
has shown every disposition to set-  
tle her debts and deal honestly with  
this and every other nation.

Why, then, should Castro be an ob-  
ject of sympathy and why should not  
the United States, partially as a  
means of protecting its own rights,  
take such steps as may be necessary  
to prevent the outlaw from securing  
control over Venezuela's affairs?

True to his instincts, "Uncle Joe"  
Cannon took the floor and made a  
desperate effort to save the Standard  
Oil Co. from loss through a reduction  
of the duty on petroleum.

Modern Pekin is Progressive.  
Changes in Pekin are striking: Mac-  
adamized roads, improved drainage,  
streets kept clean, side stalls re-  
moved into markets, traffic handled by  
uniformed trained police, modern pub-  
lic buildings, electric light, carriages  
and broughams in place of chairs or  
carts, improved schools with students  
in uniform, female education, public  
reading rooms and lecture halls, an  
intercourse with foreigners never be-  
fore known, daily newspapers with  
tropical illustrations, zoological and  
botanical gardens, and a crusade  
against opium.

Pekin, exclusive of its unimportant  
environs, has a population of 693,044  
persons, represented by 128,008 fam-  
ilies. The children number 173,261,  
one-half of whom are of school age.  
The city has 133 schools for boys and  
17 for girls, with a staff of 1,200 men  
teachers and 100 women teachers. The  
average daily attendance is 16,282  
boys and 771 girls.

Reports Seeing Leprechaun.  
A real live Leprechaun, one of the  
little folk, is reported to have made  
his appearance at Newport, Tipper-  
ary, where people are credulous. A  
well-known resident of the district,  
whilst on his way home with a creel  
of peat, was startled at the appearance  
of a diminutive man. He was dressed  
in tightly-fitting pants, coat of brown,  
white shoes, grey stockings, and a  
brown cap, set off by a red tassel. Ap-  
parently years are telling even on the  
Leprechaun, for he walked with a  
limp. The gentleman who saw the  
manikin was so anxious to capture  
him that he forgot that to lose sight  
of him even for an instant is fatal to  
one's chances of getting the pot of  
fairy gold. The man stopped to pick  
up a missile with which to "level" the  
Leprechaun, as he expressed it. When  
he looked up the cute little fairy had  
vanished.

LIFE  
AND THE GAME

LIFE is like a game of  
chess. The disappoint-  
ed man may find that  
his particular game is a failure,  
because he sits waiting for  
somebody else to make a play  
when it's his own move. Things  
seem to have gone wrong gen-  
erally. The other man has the  
bank account. The other man  
makes the wise investment.  
The other man annexes to him-  
self all the desirable things of  
life. What's the trouble? Have  
you forgotten your part in the  
game?

Don't sit watching his bril-  
liant moves and allow your own  
opportunities to get cornered.  
Take a hand in the game.  
Start an account with us and  
get so in earnest, so absorbed  
in the game that you compel  
others to watch. That's the  
way to win. It's your move  
NOW.

PETER  
HOFFMAN

WILL BE A JUNE WEDDING

Engagement of Mr. McDonald and  
Miss Pilcher Announced.

At the pleasant home of H. B. Pilch-  
er, on South Williams street, Thurs-  
day, Miss Margaret Pilcher gave a 1  
o'clock luncheon to fourteen of her  
most intimate friends, says the Mo-  
berly Democrat of Friday.

As previously announced in the Se-  
dalia Democrat-Sentinel, and copied  
by the Moberly Evening Democrat,  
this was the occasion of the announce-  
ment of the June wedding of Swan  
McDonald and the fair young actress.

The dining room was elaborately  
decorated in bridesmaid roses. The  
place cards, which were heart shaped,  
carried a tiny envelope containing  
the cards of the two whose destinies  
will so soon be united.

The color scheme was pink and  
white, and there was a pink rose at  
each plate. The six course luncheon  
was complete and the triumph of  
dainty cooking was very much en-  
joyed by all the guests.

After the luncheon the guests lin-  
gered for a social period, during  
which they wished their popular  
young friend all of the happiness that  
falls to the lot of dwellers on this  
mundane sphere.

NO MORE BEGGING

Mayor Babcock Issues Orders Against  
Alms Asking on Streets.

With a view of ridding Sedalia of  
beggars Mayor J. L. Babcock Satur-  
day gave orders to Chief of Police  
Boult to instruct each police officer  
to make beggars vacate their posi-  
tions on the public streets and leave  
Sedalia at once.

The initial step with that object in  
view was taken last night, when Of-  
ficer Jackson stopped a beggar from  
soliciting donations on Ohio avenue  
and made him leave town.

During the last fortnight Sedalia  
has been visited by numerous in-  
dividuals of this class, who station  
themselves at convenient places on  
Ohio avenue, soliciting alms. After  
the streets become deserted the men  
in most cases proceed to the saloons,  
where they spend their day's collec-  
tions.

Another order issued by Mayor  
Babcock was to refuse to permit po-  
pcorn, peanut or candy stands to be  
erected on any of the four corners at  
Third street and Ohio avenue.

how poorly they are met by the  
ordinary boys' clothes.

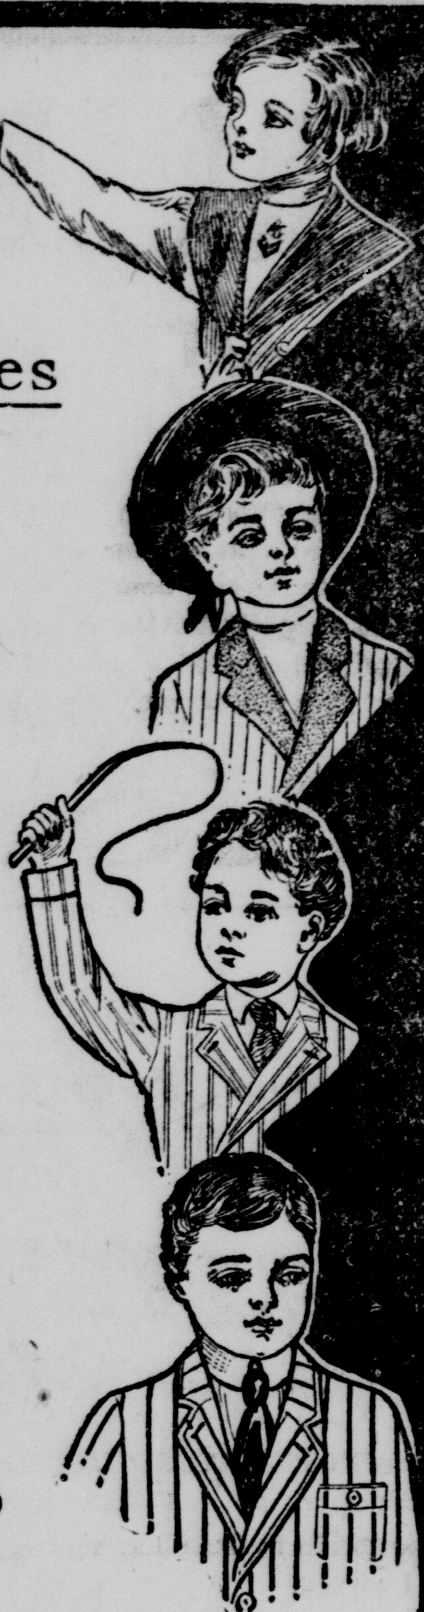

"WEARBETTER" clothes are  
made to forestall the boys' efforts  
to burst seams, rip off buttons  
and tear holes.

Come in, to-morrow or any time,  
and let us show you these clothes.  
We carry all sizes, patterns and  
weights.

## JUDGE ISSUES MANDATE

FEDERAL JUSTICE McPHERSON  
TELLS STATE TO KEEP  
HANDS OFF.

### THE RAILROAD CASE MUST BE LET ALONE

Says He Alone Is in Charge of the  
Situation and Will Not Permit  
Anyone to Interfere With  
Decrees Issued by Him.

Associated Press.

Kansas City, Mo., April 17.—Judge  
Smith McPherson, in an amended de-  
cree handed down in the United  
States district court here today, re-  
served exclusive jurisdiction in Mis-  
souri's rate cases, and, in effect, in-  
structed the state courts to keep out  
of the case.

The decree will dissolve the injunc-  
tion against the railroads now pend-  
ing in the state courts and started by  
state officials to enjoin the eighteen  
railroads operating in Missouri from  
putting the 3-cent passenger rate into  
effect.

The railroads recently asked Judge  
McPherson to strike out that part of  
his original opinion, rendered March  
2, which stated a 2½-cent rate might  
be equitable. The judge will hand  
down a decision on this latter ques-  
tion within a few days.

The St. Louis & San Francisco com-  
pany today announced its intention of  
establishing a 2½-cent rate May 1.  
This makes the third road to accept  
the compromise terms suggested by  
Governor Hadley—the Burlington,  
Rock Island and Frisco.

### TO QUIT BUSINESS

Collins Furniture Co. So Decided Late  
Saturday Evening.

The John T. Collins Furniture and  
Carpet Co., corner Second and Ohio  
streets, has decided to quit business.  
The store will be closed Monday and  
Tuesday of this week to arrange the  
stocks, preliminary to a closing out  
sale, which will be inaugurated Wed-  
nesday morning.

This firm began business in Seda-  
lia about six years ago, and was pro-  
gressive and enterprising prior to De-  
cember last, when a disastrous fire  
broke out, since which time the fu-  
ture of the store had been indefinite.  
The decision to discontinue came  
late Saturday evening and the firm's  
decision appears in this issue of the  
Democrat-Sentinel, on page 7.

### A RUEF ATTORNEY ACQUITTED

It Was Charged That A. S. Newburgh  
Tried to Bribe a Talesman.

San Francisco, Cal., April 17.—A. S.  
Newburgh, associate counsel for Abra-  
ham Ruef, the former political boss  
recently convicted of bribery, was ac-  
quitted last night of attempting to  
bribe a talesman on the Ruef jury  
panel.

The principal witness for the prose-  
cution was E. A. S. Blake, the alleged  
agent between Ruef's attorneys and  
Kelley. Blake said in court that New-  
burgh and Murphy, another of Ruef's  
attorneys, had promised him \$10,000  
if he would "take his medicine" and  
not expose them.

### HASKELL TOWN LOT CASES

Must Be Investigated By Former In-  
dian Territory People.

Associated Press.

Washington, April 17.—The attor-  
ney general today wired the United  
States attorney at Tulsa, Ok., that  
the present grand jury cannot legally  
re-investigate the Haskell case, but  
that a new grand jury must be drawn  
from what was formerly the western  
district of Indian territory in order  
to reconsider these cases, in event  
they are to be reconsidered.

Many Want "Tom" Kaler's Job.

There are numerous applicants for  
the position of driver of the wagon  
of Fire Company No. 2, made vacant  
by the resignation of J. T. Kaler, an-  
nouncement of which was made in  
Friday's issue of the Democrat-Sen-  
tinel.

Mr. Kaler, who has been a member  
of the fire department for more than  
fifteen years, contemplates going  
south, where he will probably locate.

### HIS MUSIC WON A PARDON

Prisoner Who Picks a Banjo Freed  
by Governor.

Atlanta, Ga., April 16.—Because of  
his skill in picking the banjo, Al  
Frierson, a white man, sentenced to  
ten years in the Georgia penitentiary  
for manslaughter, has been pardoned  
by Governor Heke Smith.

In a recent visit to a convict camp,  
Rev. Dr. J. W. Lee, of Atlanta, heard  
Frierson pick the banjo, and the min-  
ister was so moved by the melodies  
that he went before Governor Smith  
and secured a pardon.

"No man who can pick a banjo  
like Frierson ought to be in the pen,"  
said Rev. Lee.

The records show Frierson to have  
been a model prisoner, and he com-  
mitted manslaughter under great  
provocation.

### HEART ON THE WRONG SIDE

Physician Learned It When He Treat-  
ed Patient.

Warsaw, Ind., April 17.—While  
working in the Warsaw yards Elmer  
Broadbelt, a Pennsylvania railroad  
employee, cut his wrist.

When he went to a physician for  
treatment it was found impossible to  
give the patient either stimulant or  
anesthetic, as his heart is on the  
right side, and this peculiarity seems  
to have weakened the organ.

### "The Kiss of Judas"

The Electric theater announces  
"The Kiss of Judas" for two days and  
nights, Sunday and Monday, as a fea-  
ture attraction. The picture shows  
Jesus washing His disciples' feet; the  
last supper, where Jesus told His dis-  
ciples that one of them would betray  
him, depicting the anxious looks on  
all their faces; the bargain between  
Judas and the Rabbi for the thirty  
pieces of silver; and the arrangements  
for the sign from Judas identifying  
Jesus to his enemies, concluding with  
the arrest and final remorse and death  
of Judas.

## Something Better Than Cheap Tailoring

Cheap Tailoring is a counterfeit of something better—fine tailoring—Cheap tailoring employs a Cutter without art and originality—a draftsman of high ability can not be employed by a cheap tailor—it must conform to the price—cheap. The garment when finished bears the unmistakable earmark of crudeness, stiffness and lack of grace.

### The Best of Its Kind

Hand made garments designed by a man of genius—occupying the highest position of his art—drawing a salary of \$10,000 a year, the cloth bought of the same mill as the merchant tailor buys from—tailoring by the hand of trained men employed 12 months in the year. Fashionable Spring Suits, superior to cheap tailoring.

## PLANS FOR A GREAT TRIP

PRESIDENT TAFT WISHES TO VISIT VARIOUS SECTIONS OF THE COUNTRY.

ALASKA IS INCLUDED IN ITINERARY

The Only Trouble Is the Expense—If Congress Will Give Him \$25,000 He Will Take in Many Portions of United States.

Washington, April 17.—President Taft, who believes that the chief magistrate of the nation should keep in as close touch with the people as the duties and requirements of the office admit, is planning a notable trip in the late summer and early autumn. The plan will be carried out if congress decide to continue the annual appropriation of \$25,000 for traveling expenses, allowed in the closing years of the Roosevelt administration.

The president's plans for the summer, as far in the heated term as August 15, have been completed. He will leave Washington as soon as he can arrange matters after the adjournment of congress. He has been told that the extra session will end June 1.

The president will go direct from the White House to his summer home at Woodbury Point, Beverly, Mass., and will spend two months or more there as quietly and as free from official worry and work as possible. Mr. Taft will devote most of his vacation to golfing, motoring and perhaps will take short cruises along the northern coast.

The reassembled Atlantic fleet of sixteen battleships will maneuver off the New England coast in the summer and the president undoubtedly will want to see some of the work of the ironclads.

The trip the president desires to take to the west in the late summer will be entirely too expensive to be paid for out of his own pocket. An outline of the proposed itinerary has been given to a high railroad official and an estimate requested. It is said that the cost would be in the neighborhood of \$15,000 to \$17,000. If he goes west at all, the president will include Alaska in the journey, sailing from Seattle, perhaps on a vessel of the navy or revenue cutter service.

No president has ever visited the far northern territory which for so long has been a part of the United States. The president has been invited to and is particularly anxious to attend the following gatherings:

The annual encampment of the Grand Army of the Republic at Salt Lake City, Utah.  
The Trans-Mississippi conference at Denver.

The National Irrigation congress at Spokane, and the Alaska-Yukon-Pacific exposition at Seattle.

In addition to his proposed visit to the Rocky mountain states and to the Pacific coast, the president's tentative plans for the trip include a long swing through the southwest and the heart of the south itself.

Many of the vessels of the Pacific fleet, which includes eight fine armored cruisers of the type of the North Carolina and Montana, which Mr. Taft used on his recent trip to Panama, will be stationed in and about Puget sound during the exposition and the president undoubtedly would make the trip to Alaska on one of these.

Returning from the north, he probably would land at San Francisco to begin from there the journey along the southern border line.

Mrs. Taft, who is as fond of travel as her husband, would accompany the president on his tour.

Western and southern senators and representatives are particularly anxious to have the president visit their sections and will do all in their power to provide the necessary funds. They believe with the president that such a tour as he purposes to make should be regarded as an essential factor in the universal desire to keep the people in close touch and sympathy with the central government. They believe the president's trips through the country and his addresses are as much of a benefit to the people as to himself.

President Taft makes no secret of his fondness for travel. He believes it to be the only way of obtaining a proper idea and perspective of such a big country. Mr. Taft's stay at Beverly will be interrupted by a few short trips to fill speaking engagements he has already made and others which he has under consideration.

Will Return to Sedalia to Live.  
W. H. Ramsey Saturday sold to Dr. and Mrs. Edmund F. Dufur a lot and one-half, situated at the southeast

corner of Sixth street and Harrison avenue, the consideration being \$2250. The tract has a 64-foot frontage on Sixth street and extends 120 south on Harrison avenue.

Dr. and Mrs. Dufur, who are former Sedalians and have been residing on a ranch near San Diego, Cal., will begin work at once for the erection of a modern and up to date two-story residence on the land. When completed they will occupy it.

Dr. Dufur has returned to Sedalia to resume his practice.

## HELD CAUCUS LAST NIGHT

Mayor and City Council Conferred Regarding New Appointments.

The annual caucus of the city council to prepare the "slate" of officials for ratification at tomorrow night's meeting of that body was held at the city hall last night.

"Judd" Babcock, "Bob" Johns, "Dick" Olmsted, J. H. Sullivan, J. J. Baker, Will Hegenfritz, A. W. McKenzie, J. M. Brown and A. L. Pringle did the caucusing—they did it in private session, too, and in spite of the hundreds of rumors that gained circulation immediately after adjournment not one of those in attendance would deny or affirm any report.

However, it is known that the entire "slate" was not "fixed," as there was extraordinary wrangling and it is not improbable that the caucus will be held tomorrow night.

It is understood the selection of a street commissioner was left to the street and alley committee's sane judgment.

The city clerkship was settled, according to report. Chas. Baker got it. That announcement was made unofficially.

The city engineer's office went to Frank Leaming. That, too, is merely a report, although it came from a good authority.

The police force appointments elicited no little discussion. Here's the "dope" that leaked out about who are to wear blue coats the coming year; however, it, too, lacks the official stamp:

Howard Wood and Fred Robertson, democrats; John Jackson, George Eads, George Thompson and Ben Redmon, the latter colored, all republicans; likewise John H. Bower, an ex-conductor on the Missouri Pacific, and Andrew Gresham, brother of Police Judge H. M. Gresham, giving the republicans six policemen, while "Democratic Dick" Olmsted went the two democrats—a mere concession by the republicans.

The same series of rumors also put Edward Donnelly as weighmaster, while "Bob" Butler is booked for a second term as janitor at the city hall.

For city physicians, so further reports state, Mrs. W. G. Cowan and H. L. Barnum were named, although a change before tomorrow night would not occasion surprise.

The office of chief of the fire department will be the same, Henry Willis holding that place.

### A Forest Under the Sand.

What some believe to be a buried pre-historic forest on the New Jersey coast near the Sandy Hook military reservation, has been discovered by army engineers while boring for an additional water supply. When the test pipes were down nearly 400 feet a broad strata of wood was found. At one point the borers reported that they went through 20 feet of wood. Investigations are being made in the interest of archaeology. If a forest flourished where the sand dunes are now, it is believed it was covered with sand by the action of the sea until buried.

### A Church Saloon.

A number of well-known churchmen of Montclair, N. J., are planning to open a model saloon similar to the one favored by the late Bishop Potter in New York. The movement was started at a church meeting recently and at the next period for filing applications for liquor licenses steps will be taken to secure a license for the ideal saloon. Besides the spiritual drinks, the "church saloon" will furnish coffee, lemonade and soft drinks, as well as light luncheons. Qualified bartenders will be employed.

### MINISTER TO BE REINSTATED

Was Formerly Pastor of Fashionable Church, but Fell Through Drink.

New York, April 17.—After having been dismissed from the Presbyterian ministry ten years ago for drunkenness, the Rev. Dr. Harvey Graeme Furbay will be reinstated at a meeting of the New York presbytery next Monday. Dr. Furbay, who is a graduate of Princeton theological seminary, and, besides, has the degree of doctor of philosophy, was the pastor of the Oxford Presbyterian church of Philadelphia ten years ago at a salary of \$8,000 a year.

Then his wife died and he sought dissipation to bring forgetfulness. He sank rapidly and on coming to New York was arrested several times for drunkenness and served time in various prisons for being a vagrant. This, of course, resulted in his dismissal from the ministry, but later he became interested in mission work and preached in the streets, aiding the derelicts in the city.

Such a change came over him that he was appointed secretary of the Industrial Christian alliance in Bleeker street, where his conscientious work attracted such favorable attention that it was decided that he would be a valuable man again in the pulpit. When seen last night Dr. Furbay declined to discuss his case, but he appeared extremely happy and said simply:

"I earnestly hope to be able to re-enter the Presbyterian ministry."

### FAVOR MRS. STORY'S ELECTION

If Attendance at Reception Is Critical She Has Won Race.

Hearst News Service. Washington, D. C., April 17.—Judging from the great crowd that attended the reception given by Vice President and Mrs. Sherman in honor of Mrs. William Story, regent of New York, and candidate for president general of the Daughters of the American Revolution, Mrs. Story will surely be elected.

Today's session of the national board of management was signalized by two testimonials of affection given to Mrs. McLean, the retiring president general. One was from the Chapter Regents of Pennsylvania.

### Barn Dancing a Fashionable Exercise.

Barn dancing is being turned into a fashionable exercise. But don't think "barn dancing" means dancing in a barn. It simply implies an old-fashioned, vigorous "square" dance. Fencing has made many a woman gracefully slender and developed her wits as well as her arms, yet fencing is not as much in vogue as it used to be. The barn dance is the thing to bring a fat girl down to the right proportions for the bolter case empire gown. When a half dozen girls get together now it is likely they will fling about with great vigor in the barn dance. But there is one drawback. Such dancing does not suit the way most women wear their hair. Puffs and curls strew the floor and such exhibits are embarrassing.

Board of Equalization Adjourned. The county board of equalization adjourned Saturday afternoon until Monday, April 26, when it will meet as a board of appeals. A good many raises

were made in several townships on certain classes of property which were listed too low in proportion to other townships and these raises were made to equalize the assessments of the townships. The board made a thorough investigation of the assessor's books and found a good deal of property that had not been listed with the assessor which has been added by the board to the assessment lists.

### SEDALIA TALENT ABROAD

What a Concordia Newspaper Says of Mr. E. J. Beyeler.

The following clipping from the Concordia paper regarding the play given there by the Concordia band recently reflects much credit on E. J. Beyeler, the tragedian, of this city, who took a prominent part on the program:

"Mr. E. J. Beyeler, of Sedalia, dramatic reader, gave Hamlet's Soliloquy on the King, Richard, Duke of Gloster, and Shylock's Soliloquy and address in an artistic manner. "Mr. Beyeler is an artist and minutely portrays the character he represents. His recitations and acting in costumes were certainly a treat for students and readers of Shakespearean plays. He made a hit here, and we hope to have him with us again next season."

### HAD \$22,000 IN POCKETS

Dr. George Gibson Fernandes, Who Died on April 5.

Baltimore, Md., April 17.—When Dr. George Gibson Fernandes, who was once one of the most prominent surgeons of this city, as well as a member of one of the richest Hartford county families, died on April 4, his friends and relatives thought he had left only a few thousand dollars, but a search yesterday revealed more than \$22,000 in coin and currency in one of his pockets.

### SPOUSES AND CHILDREN

Were Deserted in Ohio by the Couple Nabbed in Indiana.

Huntington, Ind., April 17.—Edward Coe, who deserted a wife and 4-year-old child at Bookwalter, Fayette county, Ohio, and Mrs. Maggie Heironymous, who at the same time deserted her husband and two boys at Lafayette, near London, Ohio, were arrested near Zanesville, east of Huntington, last afternoon, and will

be taken back to Ohio to answer to the charge of child desertion.

The prisoners come from prominent families in Ohio. They left the Buckeye state last October, and have since been living as husband and wife on a farm near here.

On account of the delicate condition of Mrs. Hieronymous she may not be taken back at this time, though both have signified a willingness to go without requisition papers.

### DEATH TO CHRISTIANS

THE SLAUGHTER OF ARMENIANS STILL CONTINUES IN ASIATIC TURKEY.

ADANA IS THE SCENE OF SLAUGHTERING

Soldiers Have Joined the Mob and Slaying Proceeds With Horrible Deliberation—Flames Add Terror to Conditions.

Hearst News Service.

Constantinople, April 17.—Two thousand Christians have already been massacred by Moslems at Anada, Asiatic Turkey, and the butchery still continues unabated. Nearly all the victims are Armenians, against whom the Turkish residents and soldiers became incensed as the result of the shooting affray last Wednesday.

No word has come from the American missionaries, Rev. Dr. Chambers and his wife and the Misses Webb, and fear is expressed that the first reports of their deaths in the massacre were true.

The slaying proceeds in the streets of the city with horrible deliberation. Some of the soldiers have joined the Moslem rioters and the Christians, hemmed in on every side, are being either shot down, cut to pieces with sabres or burned in their homes.

The entire Armenian quarter of the city is on fire, the flames having been set by rioters early today.

It is reported that the French government, in order to assure the safety of French citizens in Turkey, has ordered two battleships to proceed at once to the scene of the trouble.

Don't paint your house until you have investigated the high quality of Paints sold by the Arlington Pharmacy.

Paint Season Open.

Mr. Servant says that an unusual demand for paint, varnishes, etc., prevails. People whose property shows the slightest indication of needing repainting are dressing their homes with new coats of paints and are retouching the interiors with paints and varnishes. The majority of property is treated to coverings of high-grade mixed paints, while some prefer lead and oil. The Arlington Pharmacy has just received its annual heavy shipment of the well known reliable Sherwin-Williams paints and varnishes, and the Arlington, as well as other paint dealers, are busy getting out paint orders.

### CHARGED WITH ASSAULT

Sergeant of Marines at Charleston Navy Yard.

Boston, Mass., April 17.—Horace C. Whitney, sergeant of marines at the Charleston navy yard, has been held in \$5,000 bond on a charge of statutory assault of Ellen Chessman, a Charleston girl, on Jan. 31, last, when on duty at the yard. He pleaded not guilty and will have a hearing next Wednesday.

Whitney is about 23 years of age and comes of a respectable family of Cleveland, O.

The Chessman girl is said to be under 16 years of age. The assault is alleged to have been committed in the guardhouse.

Whitney was at the head of the large guard duty squad at the time, and this constitutes a most serious feature of the case, in the government's eyes.

## RUMBLINGS OF THE RAIL

PENNSYLVANIA ROAD TO AWARD PRIZES AGGREGATING \$11,000 CASH.

### COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

Nearly \$11,000 in prizes will be awarded this year to employees of the Pennsylvania railroad and various subsidiary companies for excellence in track maintenance.

Of this sum \$5,400 will go to supervisors and their assistants on the main line, between Pittsburg, Philadelphia and New York and Washington, and the remainder will go to employees of the lines west of Pittsburg.

The purpose in offering these premiums is to encourage those in charge of the tracks over which the bulk of the company's passenger trains run to keep their sections as free as possible from irregularities that cause jars and discomforts to patrons.

To be sure that the prizes will be awarded upon accurate data, a committee of maintenance officers has been appointed to go over the system every few weeks in the year in a car attached to one of the high speed trains. Two glasses of water are placed on the sills of two rear windows, and every spill of water is counted against the score of the section of track over which the train is passing.

To make the record even more accurate, an instrument has been especially designed to register every vibration of the car, either vertically or horizontally.

This instrument which is placed on the floor of the car, has two stems with a hammer on the end of each. These stems are of flexible steel and vibrate, one vertically and the other horizontally, with every jar of the car.

The movements of the stems are recorded by pedometers, giving the number of vibrations, while cyclometers record the entire distance covered by the vibrations for the trip. Thus a severe vibration record affects a greater cyclometer record than a slight irregularity.

This instrument does not indicate a low joint, the elevation of a curve or anything about the track more than its good and bad riding qualities, including line and surface.

But when the record it makes is averaged with the number of pedometer readings and "spills" of water, and some allowance made for relative speeds, a fairly good estimate can be made of the riding qualities of the various sections of the track. Up on the records so arrived at the prizes are awarded.

### Missouri Pacific to Improve.

The Missouri Pacific Railroad Co. created a bond issue of \$150,000,000, which, on account of the stringency of the money market the company has failed to place until within the past few days, says the St. Louis Star-Chronicle.

Kuhn, Loeb & Co., of New York, have taken \$35,000,000 of the original issue, which the financiers have already sold in European money circles.

The Missouri Pacific, it is said, has

long wanted this money for the repair of tracks and rolling stock, especially for terminal facilities in St. Louis, where, the knowing ones say, a large amount of the newly available funds will be expended.

### Not Affect the Sedalia Shops.

Forty new passenger cars, equipped with the latest electric lights, were turned out if the St. Charles car shops for use by the Missouri Pacific during April, and a similar number will be turned out during May.

According to an official authority, whose headquarters is in St. Louis, the Missouri Pacific railway will soon begin preliminary work for making a \$1,000,000 addition to the company's shops at St. Louis, to be completed before fall.

In the event the plan carries, the "Old Reliable" will in all probability abandon the shops at De Soto, Mo., although the new shops at St. Louis will not affect the shops here.

### "Mac" Took Off His Coat.

J. W. McClain, of Sedalia, passenger and ticket agent for the Missouri Pacific, passed through Buncheon last Saturday, says the Buncheon Eagle. Mr. McClain, who is a thorough gentleman and a first class railroad man, has always been a friend of Buncheon, and the new train service is due, in part, to his efforts.

When, owing to the continued litigation, it looked as though the new train might not be put on, as planned, Mr. McClain urged that the people along this part of the system be not deprived of the proposed better service. His efforts are certainly appreciated by our people.

### Shiftless About Inspection.

Supt. N. J. Finney, of the M. & T., issued a bulletin Friday, stating that trainmen and yardmen are shiftless about having their watches inspected, and hereafter discipline will be enforced for the carrying out of the company's regulations in that particular.

According to the notice, 40 per cent of the trainmen and yardmen have failed to live up to the rule, which calls for a semi-monthly inspection.

### SALOON THOUGHT NO. 123.

You often hear the council, papers and most all business men simply "ROAR" about the money sent out of Sedalia to the catalogue houses and SOAP CLUBS. Now just investigate what these people get for their money, and remember, not ONE of these women who part with their money are put in a condition to demand locking up nor do they neglect their families, nor do they become obnoxious by their trading, nor are their children innocent sufferers of epilepsy, nervous troubles, and no cases of delirium tremens, etc., etc.

Now just draw on your imagination and try to imagine what a roar would be heard if the soap clubs and catalogue houses would come here and offer to pay the city back 10 per cent of all money collected and would put up distributing houses and have fine teams, harness, better than ANY merchant could afford, just AS THE BREWERIES ARE DOING TODAY—now many people would stand one-half a minute for it.

Yet the breweries can come here and hoodwink the merchants, and many otherwise intelligent citizens, and put up their supply houses and "sport" better horses, wagons and EVERYTHING than any merchant can do, and because they give us back 10 per cent of what they collect, many SEEM to get behind them and push. And just think FURTHER what we get for this 10 per cent, and the cost it is to us a city to take care of what the breweries give us.

It honestly seems beyond reason that any GROWN citizen would have to think over this proposition, when not a single child in the Broadway school would have to have it illustrated to them TWICE.

## WAS MADE ACTING MANAGER

George Ware Succeeds John W. Byng With Dun Agency.

C. B. Smith, of St. Louis, district manager of the R. G. Dun Mercantile agency, returned home Saturday afternoon, after spending the night in Sedalia.

While here Mr. Smith appointed George Ware, son of Lon V. Ware, county treasurer, acting manager of the local agency, succeeding John W. Byng, resigned.

Mr. Ware entered the employ of the Dun people on June 1, 1906. His efficient service to the agency soon won the esteem and confidence of his employers, who realized his true worth, hence his deserved promotion to the position of acting manager.

Mr. Ware is succeeded by Edwin Scott, another worthy young man, who will assume the duties of traveling reporter.

The promotions took effect Saturday.

## BASEBALL MEN ARE COMING

"Jack" Sweeney, president of the new Outlaw baseball league, and Drummond Brown, of Kansas City, who is to assume the management of the Sedalia team, provided he can secure proper support from Sedalia fans, will arrive here tomorrow to further perfect the organization.

Since the baseball situation has been revived hundreds of Sedalians are over enthusiastic as to the outlook of Sedalia having a team this year, and from every side the "boost" goes up to push the proposition and land Sedalia in the league.

## STRANGE STORY IS TOLD

OF THE INDUSTRIAL EXPLOITS OF PROMINENT GERMAN MANUFACTURER.

PAPERS FOUND TOLD OF BEING CONVICT

A Weird Ceremony That Took Place at the Grave of a Murdered Painter—Terrible Crime by a 16-Year-Old Youth.

By Paul Villiers.  
Cable to the Democrat-Sentinel.  
[Hearst News Service.]

Paris, April 17.—The strange story of the industrial exploits of a German manufacturer is told today. The man in question, who was arrested in his villa at Vesinet, owned the workshop of a chemical products company at Craissy. Many inhabitants of the district were shareholders. First of all the emissaries of the manufacturer informed the shareholders that there had been a little misunderstanding, and that the affair would be settled in a few days.

Unfortunately for the manufacturer, M. Hirsch, the examining magistrate at Versailles found interesting papers at Vesinet and Craissy, and these furnished particulars of the life story of the pretended chemist.

Of German origin, he went to Belgium, where, it is alleged, he was sentenced to three years' imprisonment for abuse of confidence. After serving his sentence he went to Turcoing, in 1902, and founded three factories in succession—one for the artificial manufacture of rubber, and another for the construction of electrical accumulators, economical and of unlimited power.

In each case he found at least \$200,000 to exploit his discoveries. Prosecuted by French justice, he disappeared, taking with him a large sum of money.

He was next found at Jersey, in 1906. He had gone there, he said, in order to escape vexatious formalities. In Jersey he founded several companies, including the chemical products company at Craissy, with a capital of \$1,500,000. The shares were issued at \$5, and it was declared that they had been sold at 35 francs and would in time be worth \$20.

Many capitalists in the Seine and Cise subscribed, and the capital had increased by one-half at the time of the chemist's arrest. It is alleged that like other enterprises the chemical products company only existed on paper.

The chemist had bought an old Craissy workshop and adjoining lands. Ten brick chimneys had been built, and ten workmen caused them to emit smoke from time to time. The chemist had a flat in the Rue de Rome at Paris, the rental of which was \$2,000 a year. In his absence one of his two accomplices, now in flight, received the clients. It is stated that the total of the swindles committed since the failure of the Turcoing factories reached several million francs.

Particulars are given today of a weird ceremony that has taken place at the grave of M. Steinheil, the murdered painter. There recently arrived in the capital a Brahmin, named Timur-Dhar, the Sirbangha and Hyran-Singh, two Hindoo fakirs, who practice occult sciences and pretend to know the past present and future.

Their mission to Paris is to discover the murderers of M. Steinheil and Mme. Japy, his mother-in-law, and they hope to do this by holding communications with the astral body of the painter. The trio attempted to gain access to the house of crime in the Impasse Ronsin, but the tenants denied them admission.

They stared at the facade of the house for some moments and then started for De Hay cemetery, where M. Steinheil is buried. They caused a mild sensation as they passed through Bourg La Reine, wearing their silk turbans, long white robes and bags attached to their girdles. The cemetery gates were closed. The visitors took off their sandals, and entering the cemetery asked to be allowed to find M. Steinheil's grave themselves.

They flitted through God's acre with uplifted hands, indulging in invocations and sometimes prostrating themselves. No one gave them the least indication of where M. Steinheil's grave is situated. Suddenly a long cry escaped from Hyran-Singh, the fakir. It resembled something like "Braaaaa, maaaa."

He found the grave and his com-

panions hastened to his side. The grave seemed already forgotten. There were four faded wreaths attached to the grill at the foot of the monument. Timur-Dhar and the fakirs removed the Asiatic tapestry from the tombstone and began their prayers, first of all saluting the four cardinal points. Then they fell on their knees and struck the earth with fists.

Timur-Dhar afterwards lay his whole length by the grave, and seemed to be plunged in a hypnotic sleep, while his two companions prostrated themselves. They remained thus for some minutes. Ultimately they rose, and resumed their salutations to the north, south, east and west. This completed the ceremony.

Before leaving one of the priests

## DOCTOR WAS A 'GRAFTER'

MEDICAL WORLD OF GERMANY IS GREATLY EXCITED OVER REVELATIONS.

CHARGED WITH BRIBING HOTEL PORTERS

New Minister of Russian Imperial Railroads Said to Be Traveling in Disguise as a Third-Class Passenger.

By Malcolm Clarke.  
Cable to the Democrat-Sentinel.  
[Hearst News Service.]

Berlin, April 17.—The medical world of Germany is greatly excited over the revelations of graft in its most eminent quarter—the famous Berlin specialist fraternity. Prof. Senator, the venerable president of the Berlin Medical society, is being charged with bribing hotel porters and others to direct wealthy patients, principally foreigners, to his clinics. Other specialists, including men like Prof. von Leyden, the famous head of the German National Cancer Research association, have also been mentioned in connection with the affair.

At Wednesday's meeting of the Berlin Medical society Prof. Senator resigned the presidential office, pending investigation of the charges against him by a court of honor. He claims that he has never been guilty of bestowing gratuities except upon the head of a certain "Russian institute for consultations," which was accustomed to act as interpreter for Russian patients. Some hotel porters who besieged the professor for "commissions" were given money, he says, as the simplest way of getting rid of their importunities.

These charges of "brokerage in patients, which are maintained by Drs. Moll and Friedmann, two reputable physicians of Berlin, will be thoroughly investigated by the medical societies, regardless of reputations.

M. Sergei Roukhloff, the new minister of Russian imperial railroads, has set out incognito and in disguise for a six weeks' journey as a third class passenger over the lines under his supervision at first hand because of the long-standing complaints of the discomforts that the humbler classes have to support.

It is believed that M. Roukhloff, who used to be the inspector of prisons, will also devote his energies to clearing up some mysteries in which employees in his department are involved. Eighteen months ago passenger rates were raised considerably on the Russian government railroads as a means of bringing fresh revenue to the treasury. But although the number of passengers have increased the receipts have fallen. There have recently been arrests of gangs of ticket forgers at leading railway centers. One of them had issued tickets of the face value of over \$500,000 in the past year, but it remains unexplained how their confederates in the railway service were able to pass the false tickets for so long through the usual stages of inspection.

M. Roukhloff will also investigate numerous defalcations in the goods departments. On two lines alone over \$1,000,000 worth of goods were systematically stolen in the three years 1905-1907, with the connivance of the government employees. It was at a time when all the energies of the department were devoted to combating the general strike and the conveying of troops and police to the scenes of political trouble.

Col. Gaedke, the well known military and naval expert, writing in the Tageblatt tonight, says: "Through the circumstance that orders were placed as early as the end of last year for battleships of the 1909-10 budget, despite the attempts of the reactionary press to delude the German nation on this point, it is undoubtedly possible that the German fleet will possess not less than thirteen dreadnaughts and three invincibles in the course of 1912. Through semi-official sources we have bound ourselves not to expect that total by the time stated! (The exclamation point is Col. Gaedke's.) Our present financial position would sanction greater naval estimates than the present ones. We could certainly complete the above number of ships by the beginning of 1912. In the course of the same budget year England will have at least twelve dreadnaughts and four invincibles, or sixteen modern fighting vessels, against only thirteen German.

"These figures show, nevertheless, how extraordinarily near we have approached to the English since we determined no longer to lag behind other nations in the size and fighting power of the individual ships. Only since we reached this determination has the German fleet become an enemy seriously to be reckoned with, even by England and the United States."

At a meeting of German actresses in Berlin this week steps were taken to organize for mutual protection after the manner of trades unions. Over a hundred stage favorites were present.

Discussion ranged mostly around the question of costume. It was decid-

LEGISLATURE KILLS EVENT BY PASSING 8 P. M. SALOON CLOSING LAW.

ST. PAUL WILLING TO ENTERTAIN GUESTS

Probably Will Get Festival of West and Northwest Societies—It Is a Great Attraction in Musical Circles.

Wilwaukee, Wis., April 17.—After months of preparation by choral societies throughout the west and northwest, it is announced that Omaha will have no saengerfest in 1910, because the Nebraska legislature enacted a law requiring saloons to close at 8 o'clock at night.

The saengerfest committee concluded "that a saengerfest is out of the question where singers and merry-makers are, so to speak, sent to bed at 8 o'clock at night, and therefore decided to call off the fest."

A telegram from Madison, Wis., says C. O. Knev, president of the Madison Maennerchor and treasurer of the Northwestern Singers' Federation, has received official notice from Omaha that the Saengerfest committee has found it necessary to cancel arrangements for the saengerfest.

St. Paul has declared its willingness to have the fest in 1910, and it probably will be held there. St. Paul successfully entertained the singers in 1906.

The Slayer Was Taken From Bolckow to the Savannah Jail—Wounded Man Is Not Expected to Recover.

Maryville, Mo., April 17.—Because his love for pretty 12-year-old Jeanie Sivvege, of Bolckow, was stronger than his desire to retain his hold on life, Will Whitney, of Bolckow, is lying dangerously injured at his home. J. J. Sivvege, father of the girl, met Whitney in an alley about 7 o'clock Thursday night and with a single barrel shotgun wounded him. The charge entered Whitney's abdomen. Sivvege at once gave himself up to the city marshal and is being held in the Bolckow jail.

Whitney had been to call on Miss Sivvege, the family living in the building in which the father's shoe shop is located. Sivvege was in the alley at the rear of his home, waiting for Whitney to appear.

The young fellow left the home of his adored by the rear door, and as he stepped into the alley was confronted with Sivvege's shotgun. With out a word Sivvege fired. Whitney was taken to the office of Drs. Hanna & Hanna. It is doubtful if he will recover.

Sivvege is about 45 years old. His victim is 22. Sivvege is a shoemaker

## WHERE DID MR. WEYANT DIE?

Martin Weyant Desires Information on the Subject.

Mr. A. Farnham, who is in charge of the Los Angeles, Cal., office of the Germa Manufacturing Co., in this city, writes home folks that he is in receipt of a letter from Martin Weyant, a former Sedalian, but now a conductor out of Needles, Cal., making inquiries about his uncle, J. J. Weyant, who formerly conducted a grocery north of the tracks here.

The gentleman inquired about left Sedalia seven years ago and went to Kansas City. Later he left there, and it was rumored still later that he had died at some point in the west two years ago, but no one appears able to give any definite information on the subject.

Joe Weyant, of Hose Co. No. 2 here, is also a nephew of J. J. Weyant. He says his uncle belonged to the K. of P. when he left Sedalia, but local members of the order were never able to corroborate the report of death.

It is known that he disappeared a couple of years ago, but beyond that all is speculation.

## SEDALIA LADY LECTURED

Related Actual Experience During Civil War.

Mrs. Mary Brooks, of Sedalia, lectured at the Kistenschlager hall Tuesday night, says the Bunceton Eagle.

The house was very crowded, every seat being taken and many required to stand. Mrs. Brooks was formerly Miss Mary Carroll and lived here for many years.

She told many things and used the names of many persons who are well known and are remembered especially by the older inhabitants of this part of the county.

near Taule. The youth had been spoiled from his childhood, all his wants being readily supplied by his indulgent father.

But not content with the gifts of money he received from time to time, young Yves conceived the idea of getting hold of his father's entire wealth. He told himself that he could only do this by murdering his parents.

So that he could be present at early mass the alarm clock was put on at half-past five yesterday morning. His father woke him up, and he went downstairs and dressed himself. Returning to the bedroom when he thought his parents had fallen asleep again, he shot his father dead, and fired three shots at his mother. One bullet passed through the woman's head, the other two lodged in her arm and bosom. She is now in a dying condition.

Mounting his bicycle as if nothing had happened, Yves Kermarrec rode to the solicitor's office where he was employed and began to work with his accustomed energy. When a gentleman called at the office and informed him that his father was dead, the young clerk simulated a grief that was almost tragic in its expression. He kept up the comedy when he returned home. He had expected to find his mother dead. But the woman still lingered.

Making a supreme effort, she raised herself on her elbow, and pointed to the youth as the murderer. Yves Kermarrec then confessed his guilt, adding that it was his desire to enter into possession of his heritage that had induced him to commit the crime.

### KILLED WIFE, THEN HIMSELF

After Shooting Her a Farmer Sought Death Under a Car.

Canisteo, N. Y., April 17.—Arthur G. Conklin, a young farmer, last night shot his wife and threw himself under the wheels of a rapidly moving trolley car. The woman is still alive, but is in a critical condition. Conklin is dead.

They came to the village last night, apparently on the best of terms. Mrs. Conklin was walking slowly down the street slightly in advance of her husband, when he took out a revolver and fired a bullet into her brain.

Flourishing the weapon and threatening to kill anyone who touched him, Conklin ran down the main street until a trolley car came along, running at the rate of about twenty miles an hour. He then dashed into the street and threw himself between the front and rear trucks of the car. The car was thrown from the tracks and the passengers tossed about, but none was hurt. Conklin was terribly mutilated.

## AWAIT COMING OF STORK

QUEEN WILHELMINA AT PRESENT AN OBJECT OF TENDER INTEREST.

HE IS AN ESSENTIALLY DUTCH WJMAN

Ears Are on the Strain to Listen for the Sound of Cannon Salutes That Will Tell of Little Stranger's Arrival.

By Lady Henry Somerset.  
Cable to the Democrat-Sentinel.  
(Hearst News Service.)

London, April 17.—The young queen who is waiting at the old palace at The Hague is an object of tender interest to all her subjects. She is waiting to tread that dark valley of suffering which is the lot of every mother who brings life into the world.

Queen Wilhelmina is essentially a Dutch woman. She heads the simple healthy life of her country, rises early, takes a typical Dutch breakfast of bread, eggs and cheese in thin slices, cakes, honey and coffee, and then sets to work on the affairs of her kingdom, sees her ministers, drives, enjoys in summer the gardens of her palace at Het-Loo, and walks across her park to the queen mother's residence in the cool of the afternoon.

But the most intense popular interest is at this moment evoked among the peasants, who wait round the doors of the palace—young women, smilingly look up to the windows; old women, with black cloaks and white mob-caps, prophesy fair things for the coming heir, but not a sturdy Dutch workman passes in blue overalls on his way to the canals but does not look across to the palace and wish the young queen well. She is to be seen sometimes attended only by one groom, clad in her long cloak, walking down the avenues of stately trees, greeting her people's salute, smiling and shy.

"What will be the present King Stork will bring us today?" mothers say to their children. "There will be another orange on the trees before the spring is here," the old men mutter.

In the windows of the shops fairy tales are illustrated to suit the present occasion, and storks are seen hovering over the white palace with chubby babies.

Ears are on the strain to listen for the sound of cannon salutes which will welcome a Prince of Orange or the future queen. Meanwhile the queen waits, and must tread the via dolorosa, which is the way along which every woman has to pass.

Lord Charles Beresford, who has so long commanded the Channel fleet, and who joined the navy as a cadet fifty years ago, has bade good-bye to his old ship mates, amidst the thunder of applause which betokened the

love that the British seamen have for this genial admiral.

The hero of the Condor and the holder of three medals for saving life, his name is perhaps better known than that of any other man in the British navy, and on his flagship King Edward the Seventh, no commander-in-chief has been more popular.

There is always something singularly pathetic about the farewell of a man to a profession which he has well represented, and last week when the crews manned the ship to salute the admiral's flag, and Lord Charles appeared for the first time on the quarterdeck, attired in civilian's clothes, every one present felt that an outstanding figure was going forth from the navy and when he wished all good-bye, good luck and God-speed there were many eyes dim with something which was not the ocean brine.

Iceland is nothing if not thorough. A bill prohibiting the imported sale of intoxicants, in any form, either in cakes, sweets or chocolates, has been introduced into their parliament.

All alcoholic spirits on ships are to remain under seal, whilst the ships are in Iceland waters, and those seals may only be released by the authorities when the ship leaves.

The votes of the people have been taken, and the large majority is in favor of complete prohibition.

In Denmark women again appear to have triumphed. Copenhagen has just held her first elections with woman suffrage, and the Danish women exercised their right to vote in the elections for the Copenhagen municipal council.

Crowds of ladies waited to the polling booths, and many of the voters were over 70. Seven women have been elected to the municipal council itself.

One, a Mrs. Hoff, is determined to bring forward a plan for the improvement of the upbringing of the children of the poor, and the other six ladies are all of them specialists in some form of work connected with

women or children, conclusively proving that where women have an entrance to the municipal council they can do so as specialists in the very line which is supposed to be their bar to public life.

Lady Constance Lytton is one of the many women who have suffered imprisonment in Holloway Goal for endeavoring to proclaim in the house of commons her views on the suffrage for women.

She has just been released, and tells the story that as pencils were refused her, and she was anxious to make some notes for a speech which she was to deliver the night she left prison, she remembered that she herself was a sealed bottle of red ink, and so with her blood she made the notes that she required.

It is difficult now for any one to say that women are not in earnest about cause.

## MINISTER WAS ARRESTED

As Leader of Gang of Burglars, After Members "Peach."

Philadelphia, Pa., April 17.—Rev. Price Chandler, of Bethayres, a suburb, pastor of the Huntington Valley Baptist church, has been arrested by suburban police and held in \$2,000 as the culmination of a series of burglaries in many of the richest residence sections just outside Philadelphia.

Following the arrest of four alleged members of the gang, two of them implicated the pastor, and one of them declared on oath that the minister had instructed him where to steal certain chickens and to bring them to the parsonage.

## PURELY A FAMILY AFFAIR

Was the Shooting, and as a Result the Husband May Die.

Montgomery, W. Va., April 17.—As the result of a discussion as to whether the husband or wife should bring in a bucket of water Mrs. Eva Patterson shot and seriously wounded her husband, Booker Patterson, at Oakland.

Both were surprised and indignant when Mrs. Patterson was put under arrest, insisting that the shooting was purely a family matter, in which "outsiders had no right to interfere." Mrs. Patterson is in jail here.

## THIS ONE HOG KEPT LEAN

By Practicing With Dumb Bells to Stay Home From Market.

Springfield, Mo., April 17.—When John Harwood, farmer, was an occupant of the Harwood nursery he learned a rhyme that went like this: This little pig went to market, This little pig stayed at home; This little pig had roast beef, This little pig had none. This little pig cried wee-wee all the way home.

Now Harwood, after fifty years, knows why that little pig that stayed at home did stay at home. Harwood had a bunch of hogs that would not fatten, although he fed them his choice grain.

Happening to pass the hog lot at a time when he was accustomed to be some other place he saw the hogs doing a rude gymnastic stunt, led by a white hog, the leanest and scrawniest of the entire bunch.

Harwood says the hogs were trying to stay lean in order that he could not send them to the slaughter house. He put the white hog in a separate lot.

## BY AN ERROR OF THE CLERK

Church and Pew Were Assigned to Same Room in Chicago Hotel.

Chicago, Ill., April 17.—A comedy of errors was enacted at the Stratford hotel as a result of a confusion in "Church" and "Pew," the names of two arrivals at the hotel.

John Pew, of Youngstown, Ohio, arrived first and was assigned to room 308. A short time afterward John Church, of Boston, walked in.

Somehow the duplicate key of Pew's room found its way into the hand of the bellboy, who was directed to show Church to room 308.

## DEEDS, NOT WORDS

Sedalia People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit.

The deeds of Doan's Kidney Pills. For Sedalia kidney sufferers, Have made their local reputation.

Proof lies in the testimony of Sedalia people who have been cured to stay cured.

Mrs. William Ricks, 605 West Fifth street, Sedalia, Mo., says: "I have used Doan's Kidney Pills and can say that they did me a world of good. I had kidney trouble and suffered a great deal from pains and a weakness in my back and hips. Doan's Kidney Pills cured me and I have had no return of the trouble since." (Statement given in 1901.)

Time Is the Test.  
On October 16, 1908, Mrs. Ricks said: "I still think highly of Doan's Kidney Pills, as I have had no return of my former trouble in over seven years. I gladly re-endorse this remedy."

Said That She Cannot Enter an Ordinary Carriage.

Council Grove, Kas., is the home of a 15-year-old girl who weighs 550 pounds. Her name is Pearl Rambo. She is enjoying the best of health and goes about unaided. She attracted no little attention at the Union station in Kansas City, where she changed cars for Abeline, Kas.

With a width of forty-five inches across the shoulders, and an eighty-inch waist measure, this girl cannot enter an ordinary carriage. She must have either a very wide and very low single buggy or a spring wagon. Her arms at the biceps measure twenty-four inches in circumference. She says she likes to travel and see things and people.

## BREWERS TO COMPROMISE

Mr. Stapel, "Wet" Leader, Believes There Will Be a Settlement.

Jefferson City, April 17.—Henry F. Stapel, of Atchison county, who made the race for the democratic nomination for governor last year on a strictly "wet" platform, but did not make a very big showing, has been in Jefferson City two days.

He regards the prohibition agitation with great disgust, but recognizes that the brewers are in hard lines unless they do something very soon. "From my information," he said, "the brewers will come forward with some sort of compromise. The people are unreasonable on this subject and it is not at all safe to submit prohibition in the present state of affairs."

## QUITS COLLEGE TO BE FARMER

President Can Earn Larger Salary in Agriculture.

Ripon, Wis., April 17.—The call of the farm and the insignificant salary he can earn as a college president have led to the resignation of President Richard C. Hughes, of Ripon college.

He came to Wisconsin six years ago from Tabor college at Council Bluffs, Iowa, and in these six years has doubled the endowment of the college and has doubled the attendance.

A salary of \$4,000 is far less than he hopes to earn by taking the management of a tract of irrigated land in Idaho. As a result he has turned farmer.

## CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases. It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifle with. No time should be lost in ridding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smoldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

## CLUB OF '400' TO SECEDE

WEDNESDAY ORGANIZATION TO QUIT MISSOURI FEDERATION.

THE NEWS WAS KEPT EXCEEDINGLY QUIET

Mrs. James Fails to Send a Reply to Request of Aristocratic Body—The Outcome Is Awaited With Interest.

St. Louis, Mo., April 17.—The Wednesday club, the largest and most exclusive woman's club in St. Louis, has at last sprung the sensation of the year in woman's club circles by petitioning the State Federation to allow them to withdraw from the St. Louis Federation and make a district of their own called the Tenth district.

The matter has been kept quiet, but the secret became known Friday. The petition was sent to Mrs. W. K. James, the state president, several days ago, and Thursday an officer of the Wednesday club said they had received no reply from Mrs. James to their request.

It is expected that the petition will be brought before the state meeting in Springfield the first week in May, but it may be disposed of by the state executive board. For some time there has been on the part of some of the members of the Wednesday club a spirit of unwillingness to co-operate with the St. Louis Federation, of which Mrs. George J. Frankel is the president, the club claiming that the committee work of the district absorbs too much time and is really another club within a club.

On the other hand, the district claims that the committees, being composed of representatives from each club, are therefore stronger and can accomplish more than a single club.

It is said that the Wednesday club does not want to withdraw from the State Federation, and the only way to escape co-operation with the St. Louis Federation is to become a separate district.

Mrs. Richard Shapleigh is president of the Wednesday club. Her term of office expires April 28.

A feature which makes the situation more complicated is that the president of the St. Louis Federation, Mrs. George J. Frankel, is a member of the Wednesday club, but her friends declare that in case of a separation Mrs. Frankel would be loyal to the St. Louis district.

A prominent member of the St. Louis Federation said: "I do not think the withdrawal of the Wednesday club will have opposition from any member of the district federation, and will not deplete the workers to any appreciable extent, as few members of the Wednesday club are at all in touch with the city federation, anyway."

## NEGROES CUT WHITE MAN

Theft of Baseball Bat Starts Fracas at Columbia, Mo.

Columbia, Mo., April 17.—With two gashes on his left cheek, his left ear nearly cut off and deep cuts on the side of his neck, W. R. Fritz, a drug clerk, is in the hospital here in a dangerous condition as the result of a fight with negroes Thursday night. The negroes, who were out serenading, came into the store while Fritz was on duty and bought guitar strings. They were noisy, and as they left one negro took a baseball bat from a rack in the front of the store.

Fritz followed and took the bat from the negro. The negro made some offensive remark and Fritz knocked him down with the bat. The others went for the white man with knives and razors.

A crowd chased the negroes, but failed to capture any one.

I would rather have some one else nominated, and I hope we can find a democrat to succeed Senator Burkett. # Making Good Makes Friends

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards. A good, honest square-deal medicine of known composition is

## Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

## Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy. They regulate and invigorate Stomach, Liver and Bowels.

as the furniture, and ought to be supplied by the management in the same way." The practice of making actresses provide their own costume was, she said, an inheritance from the old days of court theaters, when "pretty actresses were the playthings of princes and cavaliers, who clothed them like queens."

Fraulein Freda Barthold, a beautiful and talented young opera singer, engaged at a theater at Rostock, Germany, was murdered on Tuesday by Fraulein Augusta Zobel, whose grievance was that a young man to whom she was much attached had become engaged to Fraulein Barthold.

Fraulein Barthold was the only daughter of a piano manufacturer of Stettin. She was gifted not only with a voice of exceptional richness and tone, but with with a rare degree of personal beauty, and at the beginning of the musical season the Municipal theater of Muenchenberg engaged her. She had been trained by one of the best singing mistresses of Berlin and had commenced her career by filling minor parts in Emperor William's opera house.

Her success at Rostock had attracted the attention of the director of one of the chief German court theaters, at which she was shortly to have made a probationary appearance with a view to a permanent engagement as prima donna.

On Thursday night Fraulein Barthold was to have taken the chief feminine role in the "Tales of Hoffman," and a couple of hours before the performance was due to commence she was giving a singing lesson in her flat. Suddenly a fashionably attired young woman called in a state of violent agitation and demanded an immediate private conversation with the singer. The pupil was asked to step for a few minutes into an adjoining room.

While she waited she heard an interchange of angry words, then a couple of shots.

Other inmates of the house rushed into the room, where they found Fraulein Barthold lying dead on the floor, with a bullet through her head.

The murderer had taken flight, but she was arrested at the station just before the train, by which she hoped to reach Berlin, left. She made no attempt at concealment. She at once admitted both the crime and the motive which impelled her to it.

She is herself a singer, by name Augusta Zobel, who, though born in Berlin thirty-three years ago, has lived for some years in Paris. There she had made the acquaintance of the agent of a large Berlin exporting firm, between whom and herself an intimate love affair son developed.

It had been arranged that their relations were to culminate in marriage, but one day the lover announced that their intimacy must come to an end, and shortly afterwards she heard that he had betrothed himself to Fraulein Barthold. Maddened by jealousy, she concealed a revolver in her muff and shot her successful rival dead.

The management closed the theater on hearing of the murder. Fraulein Barthold's agonized parents first learned of the tragic event from the newspapers. They had been getting everything ready for her approaching marriage.

#### IN OLDEN TIMES.

People Were Content to Take Things Easier Than Now. If our forefathers could behold the modern locomotives, automobiles and electric cars, they would hold up their hands in astonishment.

The stage-coach was fast enough then—people were more content to take things easy.

They used to be satisfied with any sort of a hair lotion that came along—if it did not prevent baldness they thought it was because baldness could not be prevented.

It's different now. People know that germs cause baldness and that Newbro's Herpicide kills the germ, thus curing dandruff and preventing baldness.

### BANK ROBBERS FOILED

Frightened Away After They Had Broken Combination.

Lee's Summit, Mo., April 17.—An attempt was made early yesterday morning to rob the Farmers' bank here, but the robbers probably were frightened away by Miss Emma Cline, the night telephone operator.

The telephone office is on the second floor of the bank building. It is supposed that the robbers heard Miss Cline moving about and became frightened and left, after breaking the dial on the combination lock of the vault.

Nothing of value was taken, but there was some difficulty in opening the vault in the morning.

Willson turned down the application, and insists when a man is cross-eyed and shoots the wrong man while he is shooting at another man he had intended to kill he is guilty of murder.

### One Way He Could Help.

An eastern college graduate applied for work in a Michigan lumber camp. He was told to get busy on one end of a cross-saw, the other end being in charge of an old and experienced lumberman. At first all went well, but at the end of the second day the young man's strength began to wane. Suddenly the old man stopped the saw and spat.

Mount Vernon, Wash., April 17.—Donald Boyd was convicted yesterday for kidnaping Patrick McCoy, a wealthy Seattle lumberman, in the woods near Bow last autumn with the intention of holding him for a ransom.

Leo Bezmer, serving twenty years for kidnaping Edward English, admitted that he was one of the McCoy kidnapers, but tried to save his confederate from conviction by swearing that a man named Boyle helped him.

### CANINES ARE MISSING

Two of Lemp's \$500 Dogs Stolen From Dog Hospital.

St. Louis, Mo., April 17.—Two English brindle bulldogs, belonging to Edwin Lemp, the brewer, and valued by him at \$500 each, were stolen early Friday from the dog hospital of Dr. William C. Gadsby, at 3905 North Broadway.

The thief entered by breaking a window in the room where the dogs were housed.

Dr. Gadsby notifying policemen of the theft, said one of the dogs, Buster, had sore eyes, and that the other had a crippled left hind foot.

Later the dogs were found in a saloon at 2700 North Ninth street by Patrolman John Dee, of the Fifth district. The saloon keeper said the dogs had been left in his place by a man whose name he did not know and who promised to call for them in a short time. They were returned to the hospital.

### NEGRO "ELKS" WERE FINED

For Wearing Insignia of the B. P. O. E.—Affects Black "Masons," Too.

Hot Springs, Ark., April 17.—Charles H. Hodges, secretary, and W. S. Gardner, as exalted ruler of a local negro lodge of Elks, were fined \$25 each in the circuit court here, this action sustaining a lower court fine when they were charged with violating the state law which prevents the wearing of an emblem or insignia of a secret fraternity of which one is not a member.

Under the same statutes negro Odd Fellows or negro Masons may be proceeded against. The negroes set up the defense that they were properly chartered as the "I. B. P. O. E." instead of the "B. P. O. E." But the court and jury ruled that the difference was vague and would serve to mislead even a lodge member, and especially the general public.

**DIVORCED OKLAHOMAN KILLS HIS WIFE'S MOTHER AND SISTER-IN-LAW.**

**TRIES TO KIDNAP CHILD IN OKLAHOMA**

Husband of Victim in Pistol Duel Shoots Him in Neck—Officers Elude a Mob and Man Jailed at McAlester.

Hartshorn, Okla., April 17.—Mike Zanona, an American citizen of Italian parentage, shot and killed his mother-in-law, Mrs. William Doss, and his sister-in-law, Miss Willie Doss, at 5 o'clock last afternoon, and was in a few minutes shot in the neck and seriously wounded by his father-in-law, William Doss.

Zanona's wife left him a year ago and a short time ago was granted a divorce and the custody of their 3-year-old child. The child was in the custody of the Doss family, the mother working as a stenographer in the offices of the Rock Island Coal Co.

At 5 o'clock Zanona entered the Doss home without knocking and shot down the two women as they were peeling potatoes for supper. He then started around the house with his child and two small children of the Doss family.

When Constable Whiting appeared upon the scene Zanona shot at him. The fire was returned, the officer shooting him, on account of the children. Doss, who had started home for supper, heard the firing and rushed up. He and Zanona exchanged several shots, Zanona finally falling, shot in the neck.

City Marshal Woods, Constable Whiting and Justice of the Peace Hunt huddled the wounded man into a wagon and started west as a mob of forty-five men, well armed and carrying a rope, set out for the scene of the trouble.

The interurban electric office was telephoned by the officers, and the car for McAlester left five minutes ahead of time, making no stops inside the city limits of Hartshorn.

The man was placed in jail at McAlester, the officers fearing to send him to a hospital, although his condition is serious.

## SEDALIAN STRIKES OIL

J. M. Ricks Is Right in the Swim Near Sapulpa, Oklahoma

J. M. Ricks, written of as follows in the Sapulpa, Ok., Daily Light of April 15, is a son of Mr. William Ricks, of West Fifth street, this city:

The supposed shut down in oil circles is not affecting the bringing in of some new wells northeast of the city. Yesterday Page & Roth had their new well on the Topley Ispokee land shot and the well started off by producing 400 barrels of oil the first day of its work. This well is in the southeast quarter of section 17, township 18 and range 12.

The land is owned by J. M. Ricks and Joseph Bruner. These gentlemen have been working for some time to secure a footing in the oil producing territory and their efforts have now been bounteously rewarded.

The north extension of the Glenn Pool took a dip to the west towards Sapulpa yesterday when Robert Jordan brought in a good well on the Helton land, section 30, township 18, range 12, about one mile and a quarter east of the Sapulpa cemetery. The oil sand was struck at a depth of 1480 feet and shows up to be the regulation sand of the west extension of the Glenn Pool.

Nashville, Tenn., April 17.—The federal courts have again been called upon to say who is entitled to possession, the use and enjoyment of property claimed respectively by Cumberland Presbyterians and Presbyterians

of U. S. A., who went into the latter church from the Cumberland.

A bill has been filed with the United States circuit court in which this tribunal is asked to say who is entitled to the valuable publishing house plant in this city, which plant is being claimed by both sides in the controversy.

This lawsuit is regarded as by far the most important yet begun and it is said that in all probability it will be taken for final adjudication to the United States supreme court.

## THE WORK OF A SWINDLER

He Took a Green Ridge Liveryman Into Camp Past Week.

L. C. Proctor, the north end liveryman, was unconsciously made the victim of a confidence game one day this week, and as a result will probably be asked to make good a draft for \$35, says the Green Ridge Local News.

A smooth tongued stranger engaged Lon to take him to Windsor, and after paying for the trip he asked for a receipt, stating that he had to show his expense receipts to "the house."

He produced a pad of blank receipts, filled one out and had Mr. Proctor sign it. But underneath the receipt there was hidden a "joker" in the form of a draft, covered with carbon paper, to which Mr. Proctor attached his name.

The stranger then had Lon drive up to the People's bank, where he went in and cashed the draft, which Mr. Proctor will be expected to pay. We are informed that the same man has been working his game quite successfully in surrounding towns. He should be caught and sent to the penitentiary for a good long term.

Dr. Murphy was required to leave the city, and, since the court's order, had never been heard of by authorities here.

The woman, dressed in black, wore heavy veils, and her identity had never been suspected, although her manner was constantly commented upon by neighbors. She was known only as the "Woman in Black" and had no visitors.
